E. Break

F. Focus of PRQE

- a. Review and provide feedback to DCTS regarding programs and administrative rules from a consumer perspective to support fidelity and quality of care within a County and Tribes to those services across the lifespan. Review and advise BPTR administrative rule (and policy) creation and changes in order to ensure these are service participant informed (recovery focused, strengths-based, person centered, trauma informed, inclusive, and embody shared-decision making).
- b. Identifying new, developing, and existing programs to ensure that administrative rules or upcoming rules support the care and treatment of individuals. Identify promising or effective initiatives and practices within Wisconsin's counties and tribes and provide direction and support to ensure sustainability and expansion across Wisconsin's counties and tribes.

- c. Identifying gaps in programing, traditional programing, and rural outreach. Provide direction and support to any efforts aimed to increase the state and tribal-wide availability of quality, high-fidelity, evidence-based services and practices for service participants across the lifespan.
- G. Continue Discussion of Special Projects
 - a. Prioritize action items
 - b. Vote took place to determine priority
 - i. #1 MHBG / SABG
